ATTENTION TOWN OF LAWRENCE RESIDENTS

Help Shape Safer Roads in Brown County!

Brown County's **Safe Streets and Roads for All (SS4A)** project is seeking input from residents as part of a county-wide effort to develop a **Comprehensive Safety Action Plan**. The long-term goal: **eliminate all preventable roadway deaths and serious injuries** on local roads.

We need your help!

Your feedback is vital in identifying specific roadway safety concerns in your community. Please take a few moments to complete the community-wide survey:

[Complete the survey here](#)

Your input will help the project team understand local safety challenges and guide the creation of effective, evidence-based solutions. These may include **low-cost safety improvements, engineering fixes, and priority projects** targeted where they're needed most.

All individual responses will remain confidential.
