Agenda Item#: 8

TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO: Dr. Lanny Tibaldo, Town Board Chairman, Town Board

REPORT FROM: Patrick Wetzel, Town Administrator

AGENDA ITEM: Consideration of Brown County Solid Waste Agreement Amendment - Haul/Gate Fees

FISCAL IMPACT:

1. Is there A Fiscal Impact?

Yes

2. Is it Currently Budgeted?

Yes, if this impacts us, it would be covered

Item History

We're currently contracted with Brown County Port & Solid Waste for them to handle our garbage collected and removed from the Town. This agreement lays out the fees for Brown County municipalities in the partnership to haul waste to the Transfer Station before it heads to the landfill. With the creation of the new south Brown County landfill, this agreement includes rates for this facility as well.

The current agreement does not currently have an rate established for any direct hauling to the landfill of waste, and this amendment aims to establish a rate per ton for hauling direct to the new landfill (if bypassing the transfer station).

The amendment also aims to clean up some language on the agreement.

Recommended Action: Recommend approving Amendment #1 to Brown County Solid Waste Agreement.

Amendment #1 Solid Waste Management Services Agreement

This Amendment #1 to the 2021 Solid Waste Management Services Agreement (the "Agreement"), by and between Brown County, Wisconsin ("Brown County") and ______ ("Municipality") updates certain sections of the original Agreement in order to add a Direct Haul Contract Rate for material taken to the Brown County South landfill in 2023, update the definitions and clarify language in the original agreement.

The following paragraph is modified to clarify the responsibly of Brown County:

WHEREAS, pursuant to Brown County Code, § 12.01(4), Brown County Solid Waste Board has the legal responsibility to act as the policy making body for the Port & Resource Recovery Department and "shall keep abreast of the latest techniques, procedures and methods that may be developed in solid waste management," and therefore, Municipality can propose an emerging solid waste management technology concept for consideration at any meeting of the Brown County Solid Waste Board; and

Section 1. Definitions is amended to add the following definition:

F. "Direct Haul Contract Rate" means a Tipping Fee rate that is lower than the Gate Rate for material hauled directly to the Brown County South Landfill, as provided in Attachment #1.

Section 1. Definitions is updated to clarify the following definition:

K. "Landfill" means the designated BOW landfill facility in use during the period of this Contract which includes the Outagamie County *Northeast* landfill (and its *Northwest* expansion) and the Brown County South landfill which are subject to the BOW Agreement.

Section 7. Operating Days and Hours is modified to reflect normal hours of operation of the South Landfill.

TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO: Dr. Lanny Tibaldo, Town Board Chairman, Town Board

REPORT FROM: Patrick Wetzel, Town Administrator

AGENDA ITEM: Consider Sewer Service Area Map Amendment as part of Brown County Sewage Plan

Update in 2022

FISCAL IMPACT:

1. Is there A Fiscal Impact?

2. Is it Currently Budgeted?

Yes, including now saves considerable future costs N/A, as we'd be saving future amendment fees/cost

Item History

Brown County Planning is updating the County's sewage plan. This plan utilizes a number of factors to determine how many Sewer Service Area acres are allotted to each municipality. With the upcoming Sewage Plan update, Brown County has informed us that due to development performance, projected future population and development growth, we can expect to receive 1,723 acres to be applied to areas of the Town that could reasonably be served by municipal sanitary sewer service.

We have an opportunity to apply these acres to certain lands now, or the acres will be "banked" for us to apply them later. This one time opportunity to apply the SSA acres will be at no cost to the Town if we include the acres with the plan update.

If we bank acres and apply them later, we would incur the minimum application fee of \$1,500 each time we amend the sewer service area, and would need to hire someone like McMahon to help with mapping and related supplemental info for each future amendment request.

We anticipate 1,723 acres may be addressed in the future by 8-10 different amendment requests, which would be a significant cost for application fees and contracted service time to generate the necessary application materials.

If a property is within sewer service area but does not have an ability to connect to existing sanitary sewer, it's not been required to connect just because it's in SSA (i.e. many new homes have been constructed inside sewer service area that don't have sewer readily available in their area, so they install private on-site systems).

Generally, we'd like to discuss adding land that extends from existing Town Sewer Service Area:

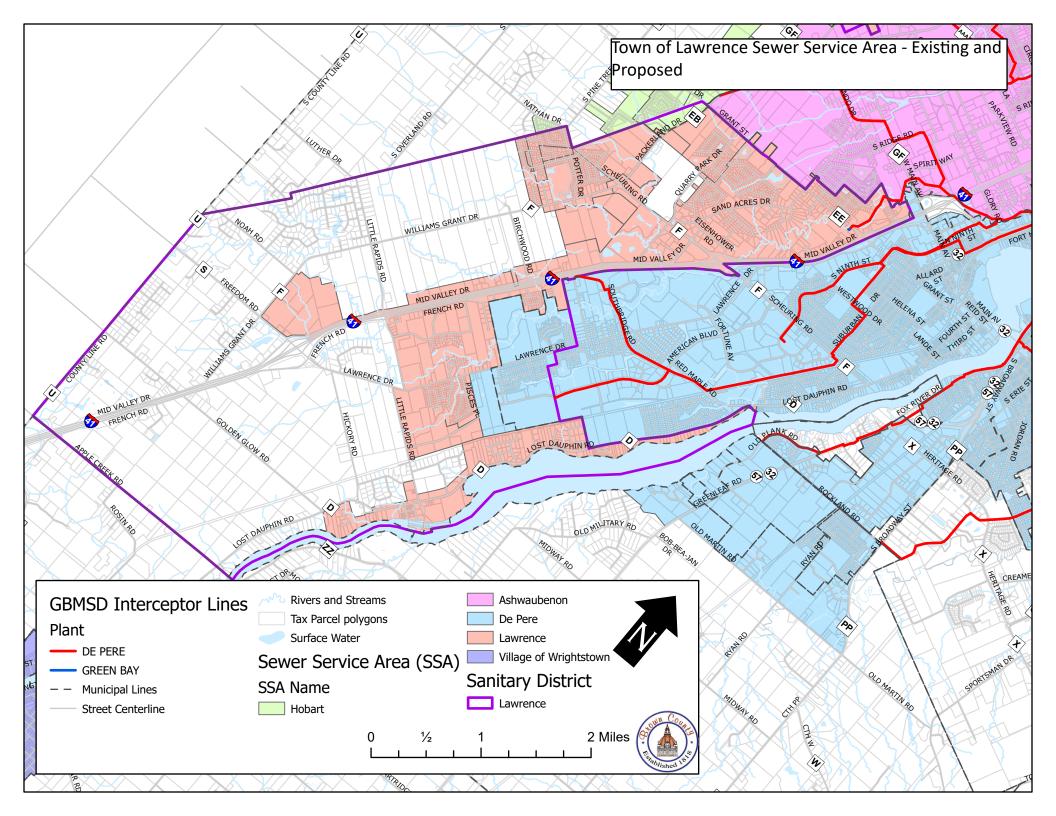

- Along Williams Grant from Riddle Court south to Little Rapids Road (on the west side of Williams Grant) and down to existing SSA at CTH S along Mid Valley Drive
- South from Lawrence Parkway down to CTH S
- South from American Boulevard/Lawrence Drive to Hickory Road

We believe this encompasses the next level of future sanitary sewer extensions in the Town in some form, and therefore applying those lands for Sewer Service Area makes sense, as it will eventually need to be added to SSA before utilities can be considered to be extended anyway.

A rough map is included for discussion. When adding Sewer Service Area, the Town is credited acres back for road right of way and ESA areas. The rough "1800" figure is used as we anticipate this will be the combined total of developable acreage put into Sewer Service Area, ESAs and road right of ways.

We would like to apply the acreage immediately to realize cost savings but also, if in the future the Sewer Service Area needs to be modified, we can exchange/borrow acres and move them around in the future.

Recommended Action: Recommend applying the upcoming sewer service area acreage to lands within the Town connected to existing Sewer Service Areas to maximize this one time opportunity for an update with the Brown County Sewage Plan Update.

TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO: Dr. Lanny Tibaldo, Town Board Chairman, Town Board

REPORT FROM: Kurt Minten, Fire Chief

AGENDA ITEM: Consideration of lights and radio for potential fire chief car

FISCAL IMPACT:

Yes

1. Is there A Fiscal Impact?

Yes, ARPA Funds

2. Is it Currently Budgeted?

Item History

With the hiring of a part time fire chief, a chief car is needed. The Hobart Lawrence Police Department has a used squad car available for use. If the town purchases the squad car it will need a mobile radio, light package, and graphics.

We have estimates for a radio from Frank's Radio for \$4980.06 (Out a month to possibly up to 8 months), then for the light bar and graphics from Truck Equipment for \$7133.00 (out a month on light bar).

ARPA funds would be used to fund these items.

Recommended Action: Recommend moving forward with these purchases of mobile radio, light package, and graphics with ARPA funds.

TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO: Dr. Lanny Tibaldo, Town Board Chairman, Town Board

REPORT FROM: Patrick Wetzel, Town Administrator

AGENDA ITEM: Consider Town Hall Office Holiday Hours for Remainder 2022 and 2023

FISCAL IMPACT:

Is there A Fiscal Impact?
 Is it Currently Budgeted?

No

Item History

Each October, the Community Planner calendar requests the Town to provide any significant Town events or office closures for the following year so that they may advertise in their calendar for Town residents.

On that review, we've looked at 2023 with note for the holiday hours specifically around July 4^{th} and Christmas Eve/Day next year.

The Town's office is closed on July 4^{th} and employees receive paid time off in the form of holiday pay. The Town also closes similarly for Christmas Eve and Day.

In 2023, July 4th is a Tuesday. In the past, the Town has considered closing on Monday July 3rd as well, due to employee convenience and staffing for those who may take a vacation day to make it a 4 day weekend. We would recommend we close the office to walk-in customers on Monday July 3, 2023, and have employees take a paid vacation day if they do not wish to work.

Also in 2023, Christmas Eve is a Sunday and Christmas Day is a Monday. In lieu of shifting the paid holiday for Christmas Eve to Friday Dec 23^{rd} , we'd recommend that the two holidays where the office is closed would land on Monday Dec 25^{th} and Tuesday Dec 26^{th} .

In addition, with the recent Town Hall office hour change to close the office at 11am on Fridays year round going forward, we will need to address how to handle 8 hour paid holidays that land on Fridays for Town employees. The day after Thanksgiving is a paid holiday on Fridays. Perhaps we consider crediting personal paid time off by 4 hours (to be used on another day by employees) to offset office closing at 11am on 8 hour holidays.

Recommended Action: Recommend approving holiday schedule/closures for 2023 to include Monday July 3rd, Monday Dec 25th and Tuesday Dec 26th as outlined above. Consider how to address 8 hour Friday holidays with the new office schedule.

Due to the fact that we will not be purchasing squad cars in 2022, I have removed that item from the amended 2022 Capital budget and added two items:

Total upgrade to the Taser system (\$30,958.40): This will also pay for equipment needs such as, radio's, pistol purchases, our camera system, Fast ID, etc. For this capital budget process, a budget enhancement is being proposed to replace our Electronic Control Devices (Tasers). This request is a high priority for the department. The necessity for conducting the replacement is the following: 1) The department recently inspected our electronic control devices. During the inspection, it was found that four Tasers were no longer functioning. Two of the four Tasers are X26 models, which are at the end of their life usage, and are not supported by Axon. The other two were sent in for repairs, but we were advised that they could not be fixed. As such, currently we have officers sharing Tasers with each other to ensure they have proper equipment. 2) Nine of the 11 remaining Tasers are X26s. As stated, Axon stopped supporting these devices. As such, any further issues with them cannot be fixed. 3) The Lexipol policy program we purchased identifies "best practices" for law enforcement agencies. In a review of their policy on Electronic Control Devices, they specifically state, "All ECDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device." This is typically achieved by being a different color. A reason for this practice is the possibility for weapon confusion. Currently, three of our electronic control devices are black in color, the same as our duty weapons. With these existing Tasers, we cannot satisfy this policy language and best practices for law enforcement. 4) As part of this enhancement, new holsters to accommodate the new Tasers will be purchased. Again, Lexipol identified best practices for the location these tools should be placed on officers' duty gear. Lexipol states, "When carried in uniform, officers shall carry the ECD in a weak-side holster on the side opposite the duty weapon." Right now, all officers carry on their weak side; however, some officers have a cross-draw holster, which conflicts with best practice. 5) As an added benefit, the new Tasers can also turn on our existing body-worn cameras upon activation. 6) These ECDs are worth their

weight in gold in that we no longer have to go hands on with suspects in most cases. Our injury rate and workers compensation cases have been non-existent since the implementation of Tasers in 2004.

• Evidence Room Upgrade (\$13,250): Evidence management is a critical facet of the criminal justice system. At every stage, handlers of evidence must ensure that it has not been compromised, contaminated, or degraded and that its chain of custody is tracked. The failure to apply proper standards to property processing can result in severe criticism of our organization. We are currently limited in space that is available to us due to the evidence room design and storage lockers. The intention with this proposal is to increase the level of our evidence management practices. This will involve some investment in equipment to ensure our limited spaces have enhanced physical security, accountability, keep up with technical trends, are protected against the environment, and maximize space. The addition of the fence is to separate the officer processing area from storage. This allows us to remove the "high school" type metal lockers for standard shelving units. This will allow us to increase and maximize the vertical space of the room to allow for more evidence storage. The addition of the safe will allow us to add another layer of protection for high value items, narcotics, and firearms. The accountability comes in with the number of officers who have access into this area being significantly reduced, as well as the addition of security cameras. These additions improve securing our chain of custody on evidentiary items. Finally, the addition of the dehumidifier and the window tint help fight against environmental issues that the room currently faces.

More information on each project is attached to this memo.

2022 AMENDED CAPITAL FUND

The impact of the proposed changes will reduce the overall 2022 Capital Project fund from \$837,375.85 to \$809,584.25. The reduction in Lawrence's contribution is from \$66,869.85 to \$52,974.06.

In addition, the Taser project is being moved from the proposed FY2023 Capital Budget to 2022 under this proposal, reducing the needs for that budget.

RECOMMENDED MOTION

To approve the proposed amended FY2022 Capital Projects Fund as presented.

Agenda Item Review

Meeting Date: 10/10/2022 Agenda Item#: 13

TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO: Dr. Lanny Tibaldo, Town Board Chairman, Town Board

REPORT FROM: Patrick Wetzel, Town Administrator

AGENDA ITEM: Consider Setting November Meeting of Electors for 2023 Budget and Tax Levy

FISCAL IMPACT:

Yes

1. Is there A Fiscal Impact?

Yes, notice/publication costs for budget meeting

Item History

2. Is it Currently Budgeted?

The Town's budget and tax levy is typically set the second week in November, so as to allow time for the tax rates to be community to the Brown County Treasurer's office as they generate and print/mail property tax bills.

This meeting is a meeting of the Town Electors to set the tax levy.

This year, our first regular November meeting is Monday November 14^{th} , and the timing will work out well for the typical tax levy/property tax bill schedule.

Recommended Action: Recommend setting Monday November 14th, 2022 for the Town Meeting of Electors to approve tax levy, and for Town Board to approve general budget.
