Also discussed in detail was the consideration of adding a Direct Enforcement Officer (DEO) position and determining the potential need for each community. This would be a specialized, non-supervisory assignment within the Patrol Division. Supervisor Brienen made the motion to approve the Brown County Solid Waste Agreement Amendment #1 as presented. Supervisor Vannieuwenhoven seconded the motion. The motion carried unanimously.

#### 9. Consideration of Sewer Service Area Map Amendment Submission to Brown County Sewage Plan Update Process:

Administrator Wetzel reviewed the current Sewer Service Area (SSA) along with the process to add acreage to the Town's existing SSA. The Town has a unique opportunity as Brown County Planning is updating the County's sewage plan. Brown County has informed the Town that we can expect to receive 1,723 acres to be applied to areas of the Town that could reasonably be serviced by municipal sanitary sewer service. We can apply these acres to certain lands now, or the acres will be "banked" to apply later. This is a one-time opportunity to apply the SSA acres at no cost to the Town if we include the acres with the plan update. If we bank acres and apply them later, we will incur the minimum application fee of \$1,500 each time we amend the sewer service area and would need to hire an

engineer with mapping and related supplemental info for each future amendment. Staff recommends applying the acreage immediately to realize cost savings to avoid additional future fees.

Supervisor Perock made and amended his motion to approve 1800 acres into the Sewer Service Area Map Amendment Submission to Brown County Sewage Plan Update as presented. Supervisor Brienen seconded the motion. The motion carried unanimously.

#### 10. Consideration of Fire Chief Vehicle/Upgrades:

With the future addition of a part time fire chief in 2023, a chief car will be needed. The Hobart-Lawrence Police Department has a used squad car available. If the Town purchase the squad car it will need a mobile radio, light package, and graphics. Estimates were received for a radio from Frank's Radio for \$4,980.06 and a light bar and graphics from Truck Equipment for \$7,133.00. ARPA funds would be used to purchase these items. Chairman Tibaldo made the motion to approve Fire Chief Vehicle/Upgrades as presented. Supervisor Perock seconded the motion. The motion carried unanimously.

#### 11. Consideration of Office Hours for Remainder 2022 and Calendar Year 2023 Holidays:

Supervisor Perock made the motion to approve office hours for calendar year 2023 Holidays as presented, to include closing on Monday, Jul 3<sup>rd</sup>, Monday, December 25<sup>th</sup> and Tuesday, December 26<sup>th</sup>. Supervisor Vannieuwenhoven seconded the motion. The motion carried unanimously.

#### 12. Consideration of Amendment to 2022 Police Dept Capital Budget:

Discussion to amend the 2022 Police Dept capital budget since we will not be purchasing squad cars in 2022. Recommended amendment is a total upgrade to the Taser system and the evidence room.

REPORT FROM:	Scott Beining, Building Inspector/Zoning Administrator
REPORT TO:	Town Board of Supervisors

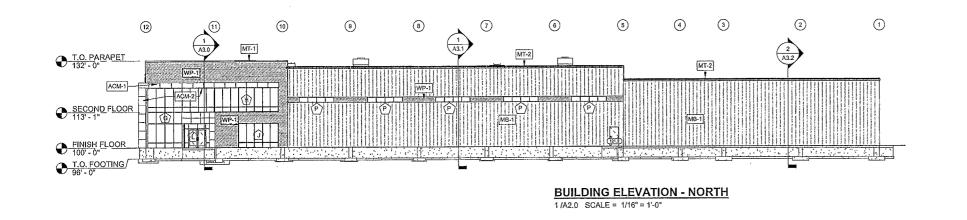

1. Consideration of Site Review Update for New Commercial Construction at 2812

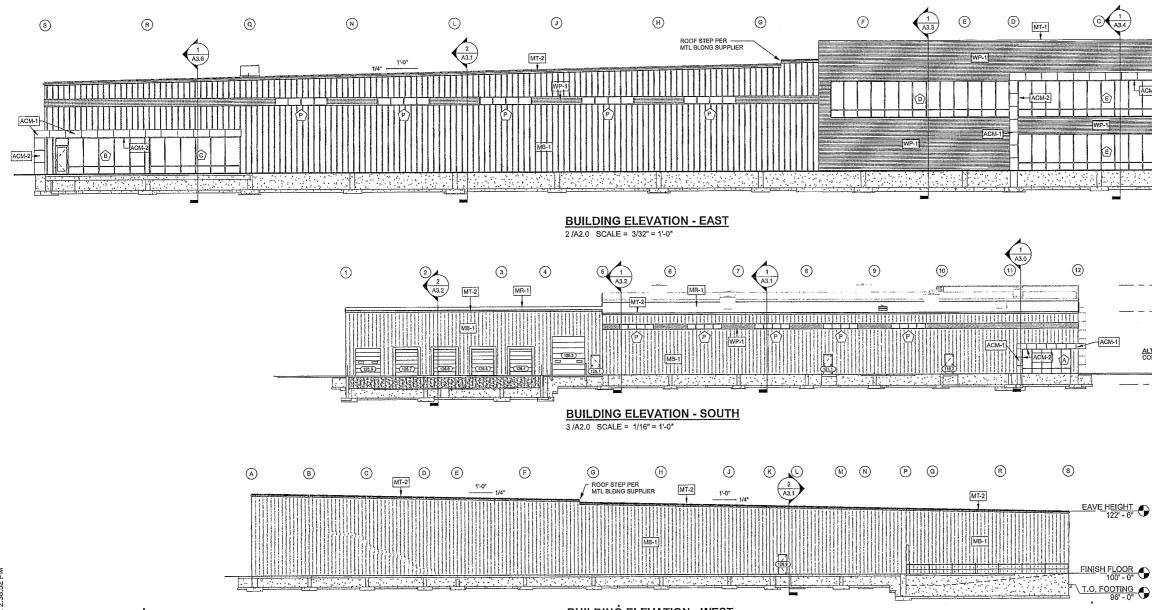

American Blvd. at Parcel L-2187 by Bayland Buildings.

a. See attached plan and elevation renderings. The building size changed since our first review. No significant changes will be made to the elevation in the easements. Lighting and landscape plan included. Building materials include masonry, "wave" metal panel system, glass. Building materials and site details were reviewed by Planning/Zoning Committee on 10/12/22. Approval was recommended with a unanimous vote (7-0). Item History

Seven for Land LLC developed both the Hemlock South and Hemlock East Subdivisions, installing infrastructure and privately constructing a storm water pond and outlot for each, designed to be dedicated to the Town for future ownership and ongoing maintenance.

The development agreements for both stipulate that the ponds and infrastructure would be dedicated to the Town via deed, approved by Town resolution. For general reference, here's a brief map outlining the location of both:

#### **Recommended Action:**

Recommend approval of both resolutions accepting storm ponds/improvements.

#### **RESOLUTION 2022-008**

Town of Lawrence, Wisconsin

#### RESOLUTION ACCEPTING DEDICATION OF STORMWATER TREATMENT FACILITIES AND OTHER PUBLIC IMPROVEMENTS IN THE HEMLOCK EAST SUBDIVISION

#### RECITALS

Seven for Land, LLC ("Developer") and the Town of Lawrence ("Town" or "Town of Lawrence") (the Town and Developer are hereinafter referred to as "Parties"), entered into a Development Agreement for the approximately 18.217 acres of property known as the Hemlock East Subdivision (filed at Volume 24 Pages 194-195 as document 2977247, Brown County Register of Deeds), for the purpose of a single-family residential development in accordance with Town specifications on May 19, 2021 (the "Agreement).

Pursuant to the Agreement, Developer submitted a Final Plat ("Final Plat or Plat") of Hemlock East Subdivision needing approval and recording such Plat with the Brown County Register of Deeds on September 23, 2021.

The Final Plat includes Outlot 1, which is designated a stormwater pond dedicated to the Town. The Agreement provides the Developer shall unconditionally grant convey and fully dedicate the improvements to the Town in its successors and assigns free and clear of all encumbrances and also provides that dedication alone shall not constitute acceptance of any improvement by the Town, requiring that all improvements will be accepted by the Town by separate resolution at such time the improvements are in acceptable form according to Town specifications; and

As the Agreement does not specify a time for acceptance of the stormwater drainage facilities, pursuant to Section 236.29, Wis. Stats., the Parties agree the Hemlock East Subdivision is more than eighty percent (80%) sold, and a professional engineer registered under Chapt. 443 has certified to the Town that:

- 1. The facility is functioning properly in accordance with the plans and specifications under the municipality.
- 2. Any required plantings are adequate while established and free of invasive species.
- 3. Any necessary maintenance, including the removal of construction sediment has been properly performed.

The Developer has completed a Deed of Dedication to the Town of Lawrence, dedicating all roadways, stormwater drainage systems and other public improvements depicted in the Plat to the Town; and

The Town desires to accept the public improvements described above:

**NOW THEREFORE BE IT RESOLVED**, the Town Board of the Town of Lawrence:

That the dedication of all street improvements, stormwater drainage improvements, water and sanitary improvements, constructed pursuant to the Agreement and in accordance with the Final Plat of the Hemlock East Subdivision are hereby accepted by the Town of Lawrence.

#### **BE IT FURTHER RESOLVED:**

The Town of Lawrence accepts the Deed attached hereto as Exhibit 1, dedicating such the stormwater drainage pond to the Town, and directs its Administrator and/or Clerk to file a copy with the Brown County Register of Deeds.

# TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO:Dr. Lanny Tibaldo, Town Board Chairman, Town BoardREPORT FROM:Patrick Wetzel, Town AdministratorAGENDA ITEM:Consider Resident Request for Two New Street Lights - Orion's Run Subdivision

#### FISCAL IMPACT: Yes

Is there A Fiscal Impact?
 Is it Currently Budgeted?

No, but will find funds if approved

#### **Item History**

We've received a request from residents of the Orion's Run Subdivision for consideration to install two new street lights at certain intersections that do not have them.

Since 2017, we've required new subdivisions to install street lights at each intersection and every cul de sac, with some additional considerations given if there are longer streets that wouldn't have a street light or intersection nearby, as well. In this case the developers pay for them to be installed.

Orion's Run was constructed prior to 2017 and two intersections did not have the street lights installed. There is not a street light at the intersections of Pisces/Andromeda or Cosmos/Andromeda. The Town would not be able to recoup the costs of these additional lights from the developer after these contracts/projects have been closed out.

We are waiting on Wisconsin Public Service quotes for two new street lights with fiberglass poles, and will be able to share those with the Town Board when available. Prior to recent fluctuations in the availability and pricing of materials, we'd anticipated each new pole to cost around \$3,500 (when WPS was also constructing electric/gas facilities). Adding these poles after the fact is likely to be a bit more expensive.

We advised the requester that it would be helpful if they could show neighborhood support for the new street lights and they've submitted documentation from 14 other residents in the area for this request.

#### **Recommended Action:**

Recommend approving request for two new street lights to be installed in Orion's Run subdivision, as requested, subject to final verification on cost estimate from Wisconsin Public Service.

Hello Jack,

We received your request for additional street lights in your subdivision. I would assume the location should be at the intersections of Pisces/Andromeda and Cosmos/Andromeda? We will look into the cost estimate and design options from WPS. We will need this info before an consideration by the Town Board.

One thing that would be helpful in moving this request forward would be support from your neighbors. Past experiences prove that some residents want street lights, some do not. If you could get some written support for your request it may help with the Town Board discussion. Also a map highlighting the desired locations.

In the meantime, we will look into the logistics of this.

Let me know if you have any questions.

My name is Jack Ollmann, I live at 2683 Andromeda Dr. I would like to put in a request to have two street lights installed the east end on Andromeda Dr. This section of the Orions Run Subdivision doesn't have any lights at all. Being as dark as it now is, lighting would be a safety deteriorate of possible mischievous activity.

I hope you would check into taking this under consideration.

Thank you,

# TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO:Dr. Lanny Tibaldo, Town Board Chairman, Town BoardREPORT FROM:Patrick Wetzel, Town AdministratorAGENDA ITEM:Consideration to Purchase Surplus Police Squad for Future Fire Chief Vehicle

#### FISCAL IMPACT:

Yes

Is there A Fiscal Impact?
 Is it Currently Budgeted?

Yes, Fire Capital/ARPA as needed

#### **Item History**

As the Hobart-Lawrence Police Department capital is split 50%-50% between the Town and Village, each community owns 50% of capital items.

As police squad vehicles are replaced and rotated out of service, typically the surplus vehicles are stripped of police equipment and sold at auction. The Town and Village evenly split the proceeds as revenue.

In the event one community wishes to purchase and repurpose the vehicle, that community can purchase the vehicle by paying the other community the amount they could have expected to receive if the vehicle was sold at auction. We've done this in the past, most recently, in outfitting Kurt with a surplus squad for Fire/Public Works for a period of time until we purchased his current vehicle.

A 2020 Ford Explorer is ready to be sold as a surplus police vehicle. As we will be hiring a new Fire Chief in the coming months, we will have a need for an additional vehicle. The market for new or used vehicles has fluctuated recently in both price and availability, making a surplus police vehicle a potentially attractive option as a solution for a Fire Chief vehicle.

It's been estimated by Enterprise Fleet Management and auction contacts that the 2020 Explorer would likely fetch about \$11,000 at auction. In order to purchase it for our needs, we'd then need to consider paying Hobart 50% of this estimate as their share of the revenue, \$5,500 for the vehicle. We believe this is a value and a good decision at this time.

#### **Recommended Action:**

Recommend approving purchase of surplus police squad vehicle to be used as future Fire Chief vehicle in the amount of \$5,500 to the Village of Hobart.

# TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

REPORT TO:Dr. Lanny Tibaldo, Town Board Chairman, Town BoardREPORT FROM:Patrick Wetzel, Town AdministratorAGENDA ITEM:Consideration of R&R Insurance Service Agreement - Health Insurance Consultation

	FISCAL IMPACT:	
1. Is there A Fiscal Impact?	Yes	
2. Is it Currently Budgeted?	Yes	

#### **Item History**

We've been working with R&R Insurance Services for the past few months as we've reviewed whether a switch to the state health insurance plan is a sensible option for the Town to pursue.

Historically, when you have an insurance advisor, those entities are paid a commission/fee by the insurance carriers (which is included in the premiums paid to: Anthem, United Health, etc).

When switching to the state health insurance plan, there are no commissions or fees paid by the state to an advisor like R&R Insurance. At the same time, the advice and counsel that they provide has a value to the employer. R&R Insurance provided us with a proposed fee to pay to them for advice and assistance with the transition to the state plan and moving forward. The fee seems reasonable at \$225 per month. The arrangement can be cancelled on a month-to-month basis, if needed, as well.

It would be helpful to keep R&R Insurance Services at the ready to assist with the transition to the state plan over the upcoming year. It's also reasonable that they would be compensated for their assistance and their proposed fee seems reasonable.

#### **Recommended Action:**

Recommend approving R&R Insurance Services Consultation Agreement for Health Insurance advisory services in the amount of \$225 per month for 2023.

# TOWN OF LAWRENCE BOARD MEETING STAFF REPORT

**REPORT TO:**Dr. Lanny Tibaldo, Town Board Chairman, Town Board**REPORT FROM:**Patrick Wetzel, Town Administrator**AGENDA ITEM:Preliminary 2023 Budget Discussions** 

#### FISCAL IMPACT: Yes

Is there A Fiscal Impact?
 Is it Currently Budgeted?

Discussion for 2023

#### **Item History**

We've set the Town meeting of the electors to establish the tax levy for November 14<sup>th</sup>, 2022. Later that evening, the Town Board will take up the general fund budget for consideration as well.

We're finalizing figures based on reported info from the state on transportation aids, shared revenues, manufacturing assessments, etc. Net new construction in the Town is 4.66%, which is a key metric on growth and allowable tax levy. This is the highest percentage in Brown County for this past year.

As a result of the nuance of the timing of our full revaluation of property last year, and the state reporting deadlines for equalized values estimated and assessed, you'll remember we discussed at length in November 2021 that this year's (2022 budget) tax rate was going to be discounted by 3.5 to 4 cents, and that it would correct itself for the budget/levy we discuss this November 2022 (for fiscal year 2023).

We've included a draft chart of historical assessed and equalized values, and town general and TID tax levy and rates. This past year's Town mill rate was \$2.144 per \$1,000 of value, which was down from the prior two years of mill rate of \$2.919

As this past year's levy was discounted by 3.5 - 4 cents, that amount is added to our Town mill rate for 2023. The amount of discount in 2022 is also added in as a catch-up, meaning that the Town mill rate is up 7-8 cents as a result of a correction for the equalized value estimates/reporting in mid 2021 by the Town Assessor back then. Next year at this time, the mill rate will drop by 3.5 to 4 cents as the "catch-up" for 2021 (for lack of a better term) is no longer necessary. At this point, we're estimating that aside from the equalized value adjustments of 7-8 cents, the Town rate may increase by an additional 1.7 cents.

#### **Recommended Action:**

Will hold preliminary discussion on trends, growth figures, valuations and impact on tax levy, with more substantial review and consideration at the November 14<sup>th</sup> meeting.
